The Art of Forecasting Using Solar Returns

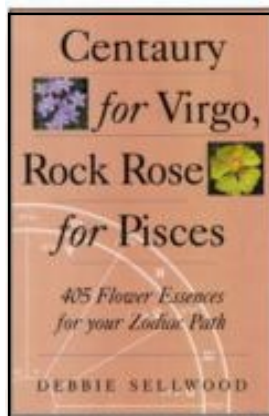

Anthony Louis ~ £20.00+postage

A superb addition to the limited number of books available on Solar Returns. The author of 'Horary Astrology Plain and Simple' provides the history of the technique and demonstrates its workings based on the work of 17th century astrology Morin, one of the greatest astrologers of all time. A necessary addition to any bookshelf.

The Northern Moon Node - The Message from beyond

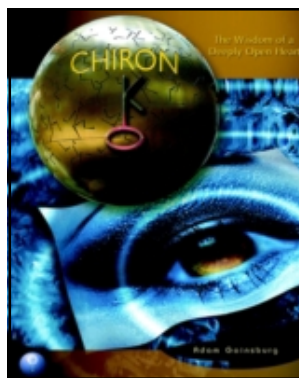

Bastiaan van Wingerden
£24.00+postage

This book gives a clear explanation of the astrological, spiritual system of Carteret: the combined actions of the lunar nodes, Pluto and the black Moon Lilith. Besides the deeper background of this system the roles of the Moon nodes in each house are explained in a very practical way - suitable for all levels, whether or not you are an astrologer.

Chiron - The Wisdom of a Deeply Open Heart

Adam Gainsburg ~ £10.00+postage

I was hooked from the start by the title. Often referred to as the 'wounded healer', astrological Chiron reveals what it means to be truly, wisely human; it is astrological Chiron who lays out our evolutionary path to wholeness through his medicine for the broken heart. A cookbook section showing Chiron by sign and house is included. Set aside the weekend for this one.
