ASTROLOGY:

A Place in Chaos

by Bernadette Brady
£15.50 + p&p

Here's a book to blow your mind. Bernadette Brady is renowned for her ground breaking astrology and this book is no exception. Chaos theory suggests that new patterns in the cosmos come about by making tiny changes, which then produce new patterns themselves. Brady explains chaos theory then combines this thinking with the predictive techniques available to astrologers - and shows how we can embrace change, and even encourage it. Awesome.
