A Journey Into the Heart of Matter Sue Martin £8.99 + p&p

Sue Martin shows how Science, Mysticism and Astrology link together to create a Cosmo-Biology. These three subjects were once a united field of study and when we unite their knowledge we come to another level of awareness of what it is to be a Human Being on Planet Earth. The book is an evolutionary journey through the Cosmos, taking us from within our cellular system out into deepest space, showing how we evolve through cycles of time.

Author Focus - Bernadette Brady

It has been a delight to work with Bernadette on her two books. She is passionate about the night sky, and insistent that astrologers are versed just as well in astronomy as in their own art, hence her book *Star and Planet Combinations*, which links the two seamlessly. The concepts discussed in *Astrology - a place in chaos* could well change your life; if you want your life to change, change something in your life. This book shows you how. It works.
